Jim. Peter has that standard if it needs to be run. Let the DA know that the sample can be run by either you guys or someone here once it has been resubmitted. After he decides whether he really needs it tested chemically, we can determine where and when to test it. Tell him it will take a several weeks to do this. Chuck S

Hi Chuck,

Rebecca received this email from ADA in Suffolk County. Sample was identified visually, he now wants an analysis. We don't have a standard for Clozapine. Do you? Should I tell him to resubmit it or tell him no standard, so we can't analyze.

Thanks,

Jim

Ms. Pontes:

Greetings. I am an ADA in Suffolk County in the East Boston Division.

You analyzed drugs on an East Boston case on July 21, 2009.

Cert No.: [REDACTED]

The tablets were identified by appearance and labeling as Clozapine, Class E substance.

Can you test these tablets?

The defendant is also charged with OUI- Drugs and Negligent Operation of a car.

Let me know what you can do.

Thank you very much for your help.

Sincerely,

Christopher Meade
